CHES Conference Rooms and Event Areas

Thank you for visiting the Colleges, Housing and Educational Services (CHES) listing of event spaces.

This document is meant to assist you in selecting from among the many spaces capable of being reserved for meetings and events. While most of these venues can be reserved by any group, restrictions can vary from venue to venue. Listed here are only those venues in CHES controlled facilities; it does not seek to list all venues at UC Santa Cruz.

For each entry, you will typically find an indication of the venue’s capacity, how it is furnished, links to more information, as well as a contact name and number/email for making a reservation or for receiving more details.

Thank you.
